# Fabulous Tours

## Spouses' Program: Muckross Farms Thurs., May 9, 9:00am - 12:00pm

Today you have an opportunity to step back in time and explore Muckross Traditional Farm. You are invited to discover the Ireland of 1930's and 1940's. During the visit you will be taken back to a time before the advent of electricity when all work was carried out using traditional methods. We arrive at the Schoolhouse, which is a scaled up version of a traditional two roomed school similar to what was dotted throughout Ireland in the not too distant past. Here you will receive a short informal lesson in the classroom, where you will learn a little about the history of school life in Ireland at the time and learn a 'cupla focal' of the Irish language in a fun & entertaining manner. This is followed by an interactive and fun lesson in the making of Traditional Irish Soda Bread and Farmhouse Butter - where all can learn about these staples of Irish cuisine - their ingredients, the process and their importance in the story of Irish Food. A local Irish musician and dancer will instruct you in learning a few Irish dance steps. Following the demonstrations the group will be transported to the atmospheric surroundings of Quills Farmhouse complete with open peat fires and oil lamp lighting, where you can enjoy homemade scones, butter and local jams, tea or coffee.

Saturday, May 11, 1:30 - 6:00pm

The Dingle Peninsula is the most northern of the Kerry peninsulas. Rough and wild, but still agricultural, it remains attached to old traditions. The scenery in Dingle is beyond compare. The wild expanses where the sea meets the sky in such a breath-taking fashion are truly awe-inspiring. The traditional town of Dingle is home to legions of wonderful shops, selling hand-made arts and crafts. They line every street and corner, sitting happily among pubs, award-winning seafood restaurants and cafés. Quintessentially Irish and steeped in heritage, traditional Irish music and the Irish language are cultural staples in Dingle. This excursion will include many stops in the most scenic points of this Peninsula.

A BBQ lunch is served at Lord Brandon's Cottage on the lakeshore. After lunch we take the "Gap Boats" for one of the most picturesque boat trips imaginable. The 'voyage' takes guests through the Upper Lake, Muckcross Lake and Lough Leane, with the mountains of the National Park on either side.
